DETAILED ACTION

Election/Restrictions

1. Newly submitted claims 19 – 24 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: Claims 19 – 24 are a different patentable species because they are directed towards forming several projected portions and several recessed portions.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 19 – 24 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

2. This application is in condition for allowance except for the presence of claims 19 – 24 to an invention withdrawn by original presentation. Applicant is given TWO MONTHS from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.

Allowable Subject Matter

3. Claims 1 – 18 are allowed over the prior art of record.

Art Unit: 2823

Conclusion

4. This application is in condition for allowance except for the following formal matters:

Cancellation of non-elected claims 19 – 24.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
